**OUR CURRENT SERMON SERIES IS** *"God and Technology: Faithfulness in a Digital Age."* How do we follow God in a high-tech world? The last few decades have seen enormous change, as Silicon Valley remakes our world in its image. Modern technology is in our homes, our schools, our pockets, and our churches. We've seen what a help it is, but we also see how it hinders. How can the church put technology in its proper place, discerning God's kingdom in a world of information?

**IN 2021**, our word for The Springs is to **GROW!** We want to grow in our love for God, each other, and our neighbor! One of the ways we can foster a deeper love for God is to discover the truth and beauty of God's Word together through regular Bible reading. We are beginning a year-long Bible reading plan in January using the plan from [readscripture.org](https://readscripture.org) which can be downloaded to your phone from your app store. OR you may print a reading guide from [thebibleproject.com](https://thebibleproject.com). Our hope is that you will begin your day alone with God, reading scripture, and then responding to his love with action. Download the app to your phone, Let's **GROW** together!
